CIRCULAR NO. 17/121BE

To: Junior Secondary session's Parents / Guardian

Date: 30/4/2018

"Healthy use of Internet and electronic screen products"
Guardian Questionnaire

Earlier this month, the research team from "The Hong Kong Polytechnic University" visited our school and took photos on the student participants' neck and back postures when using electronic screen products and the team will educate the student participants the correct postures starting from this week. The purpose of this research is to study the impacts of the background information and use of electronic screen products among students with special needs on their physical (i.e. muscles) discomfort. Please fill in the attached **guardian questionnaire (6 pages)** and have it returned to the class teacher on or before 2nd May. The information collected will help the researchers' understanding on the topic and provide insights into the development of health intervention programs for the community. Parents to fill in the questionnaire as much as possible. All the information collected will be checked by the researchers only and destroyed upon the completion of research.

For enquiries, please contact our school nurse, Ms Chan at 2393 0119.

Yours faithfully,

(Ms Leung Wun Kam)

Principal
